1. INTRODUCTION

Karnataka Government Secretariat housed in Vidhana Soudha, Multi Storied Building (Comprising of various stages) and Vikasa Soudha are connected on Local Area Network (LAN). This secretariat Local Area Network was set up to connect the entire administrative department housed in these three buildings. This LAN generally called Secretariat Local Area Network (SECLAN) is extensively used by the Karnataka Government Secretariat to run various e-Governance applications such as File Monitoring System, Letter Monitoring System and Attendance Monitoring System apart from Intranet and Internet.

There are approximately 1150 nodes/machines connected on this LAN with the Network Operation Centre situated in 5th Floor of M.S. Building which houses various servers. Offices such as Chief Secretary's Office, Principal Secretaries and Secretaries office, Ministers offices and other offices have been connected.

To prevent unauthorized use of websites, Web Sense Software with 1500 user licenses has been procured and installed in the SEC-LAN servers. The licenses are being renewed annually. Therefore, it is proposed to renew the Web sense Software licenses for 1500 users for one year from 1.4.2009.

2. Scope of the work

The scope of the work is to renew install and maintain the Web Sense software licenses for 1150 users, for one year from 1.7.2009 to 30.6.2010.
